

JusticeTrax presents: "ASK ME ANYTHING"

hosted by: the Customer Care Team

Join us for a 2-hour GoToMeeting where you get to literally ask us anything.....about JusticeTrax Products! We have product experts available to answer questions regarding product features and functionality. We will host three product-specific Ask Me Anything sessions on the dates and times listed below:

*** JUNE 6-13-17 @ 1:00pm - 3:00pm EST (LIMS-plus v5 and Portal)**

*** AUGUST 8-8-17 @ 1:00pm - 3:00pm EST (LIMS-plus DNA and CIMS)**

*** OCTOBER 10-10-17 @ 1:00pm - 3:00pm EST (LIMS-plus v3, iResults and iPrelog)**

Meeting space is limited so please reserve your spot today by emailing Brittany.Cange@justicetrax.com. Please provide your name, agency and the session you will be attending.

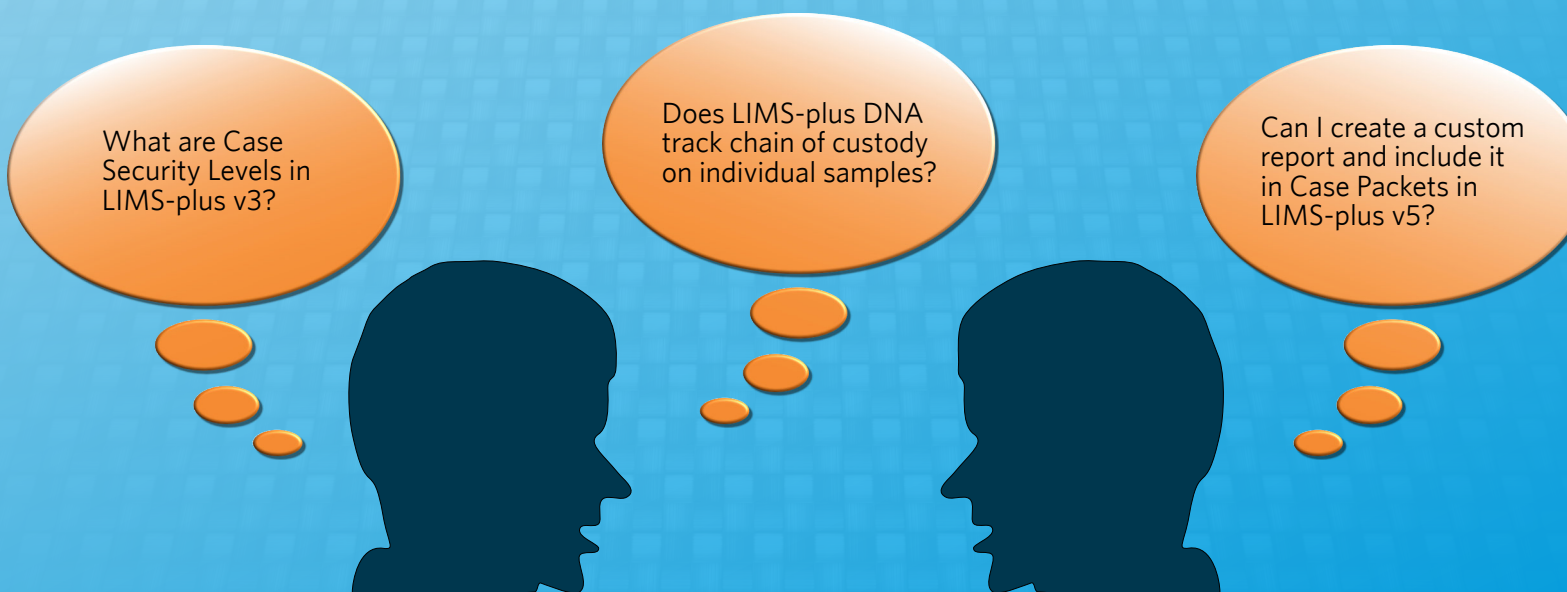

If multiple people from your agency will be in attendance, please attempt to join the meeting through one meeting invitation link and share workstations. This will give more agencies the opportunity to attend.

Already have a question in mind? Email your questions to Brittany.Cange@justicetrax.com any time prior to the meeting. During the meeting, all questions will be posted to the Go-To-Meeting Chat Window and answered in submission order.

If you do not have access to Go-To-Meeting, you can still attend via our telephone conference line, which will be provided in your meeting invitation after registration.

Unable to attend? All Ask Me Anything Sessions will be recorded and posted to Zendesk, our Customer Care Site, for all customers to watch anytime.

Bring your questions, we will chat with you soon!

The bottom of the page features two dark blue silhouettes of people's heads in profile, facing each other as if in conversation. Above each silhouette are several orange thought bubbles of varying sizes. The largest bubble on the left contains the text "What are Case Security Levels in LIMS-plus v3?". The middle bubble contains "Does LIMS-plus DNA track chain of custody on individual samples?". The largest bubble on the right contains "Can I create a custom report and include it in Case Packets in LIMS-plus v5?".

What are Case Security Levels in LIMS-plus v3?

Does LIMS-plus DNA track chain of custody on individual samples?

Can I create a custom report and include it in Case Packets in LIMS-plus v5?
